

MADISON COUNTY EMERGENCY MANAGEMENT AGENCY

All,

Mr. Michael Seth Everett and I participated in a class that was aimed at teaching skills needed to operate drones. This class was taken to ensure Madison County has trained personnel available to assist and support its citizens at any given time. As a result, I am requesting the reimbursement for Mr. Everett for the assessment taken and passed to secure the needed certification.

It is our pleasure to keep Madison County up-to-date and relevant when it comes to proper use of technology and equipment.

Sincerely,

A handwritten signature in blue ink, appearing to read "Albert Jones III", followed by a circular mark containing the letters "AJ".

Albert Jones III

EMA Director
