BILLING RIGHTS SUMMARY

In case of Errors or Questions About Your Bill

If you think your bill is wrong or if you need more information about a transaction on your bill, write to us on a separate sheet at the address shown below as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.

In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error.

If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are

investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

Special Rule for Credit Card Purchases.

If you have a problem with the quality of goods or services that you purchased with a credit card, and you have tried in good faith to correct the problem with the merchant, you may not have to pay the remaining amount due on the goods or services. You have this protection only when the purchase price was more than \$50 and the purchase was made in your home state or within 100 miles of your mailing address. (If we own or operate the merchant, or if we mailed you the advertisement for the property or services, all purchases are covered regardless of amount or location of purchase).

SEND INQUIRIES AND BILLING ERROR NOTICES TO: Card Center, P.O. Box 419734, Kansas City, MO. 64141 (800) 821-5184. In the Kansas City area, call 816-843-2000. Telephoning us will not preserve your Billing Error Rights.

In order to be credited to your account on the date received, your payment must be accompanied by the top portion of your statement and must be received at P.O. Box 219736, Kansas City, Missouri 64121-9736 by 10:00 a.m. Payments received at such location after 10:00 a.m. will be credited on the following business day, and payments received at any other address will be credited promptly but may be delayed up to five (5) days.

Notice regarding electronic collection of your check. When you send us a check drawn on a consumer account as payment on your account, you consent to our converting the check to an electronic (ACH) debit to collect it. See your Cardholder Agreement for further information. If we are unable to collect the debit electronically, you consent to our creation of a paper draft in the amount of your original check, which we will send to your financial institution for collection.

EXPLANATION OF FINANCE CHARGES

1. Finance Charges. During the Billing Period that ends on the "Statement Closing Date" printed on the front of each Monthly Statement, your Account may, subject to stated exceptions and conditions, be assessed a Finance Charge for the applicable Billing Period. The Finance Charge may consist of one or more of the following: a cash advance fee finance charge (which is a fixed amount) and/or a periodic rate finance charge. Any periodic rate finance charge charged to your Account during the Current Billing Period is calculated by multiplying a monthly periodic rate times the "Cash Advance Average Daily Balance", the "Purchase Advance Average Daily Balance" and each "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" of your Account for the Current Billing Period and, if applicable, times the "Purchase Advance Average Daily Balance" of your Account for the immediately-preceding Billing Period (the "Previous Billing Period").

2. Balance Computation. The Cash Advance Average Daily Balance of your Account for the Current Billing Period is computed by adding together the "Cash Advance Daily Balance" for each day in the Current Billing Period and dividing that sum by the number of days in the Current Billing Period. The "Purchase Advance Average Daily Balance" of your Account for the Current Billing Period is computed by adding together the "Purchase Advance Daily Balance" for each day in the Current Billing Period (exclusive of Same-as-Cash Purchases and other Promotional items) and dividing that sum by the number of days in the Current Billing Period. The "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" for the Current Billing Period of each Same-as-Cash Purchase or Promotional item on your Account is computed by adding together the Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period.

The "Cash Advance Daily Balance", "Purchase Advance Daily Balance" and "Same-as-Cash Purchase (or Promotional Item) Daily Balance" for each day in the Current Billing Period are calculated as explained below. For purposes of such calculations, each qualifying Purchase made under a "Same-as-Cash Program" is referred to as a "Deferral" for the period of time (the "Deferral Period") during which no periodic rate finance charge is assessed to your account for the Same-as-Cash Purchase pursuant to the terms and conditions of the promotional program. The transaction information section on the front of each Monthly Statement will reflect the amount of each Same-as-Cash Purchase and Promotional item posted to your Account, together with the date on which the Deferral Period for a Same-as-Cash Purchase will expire.

A. If the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full within 25 days of the Statement Closing Date shown thereon, then: (i) the Cash Advance Daily Balance for each day of the Current Billing Period is calculated by taking the amount of all of your posted unpaid Cash Advances as of the beginning of that day, adding any new Cash Advances posted to your Account as of that day and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Cash Advances, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period will be zero, and the Purchase Advance Average Daily Balance will not be computed during the Current Billing Period.

B. If, however, the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was not paid in full on or before the Payment Due Date shown thereon, then: (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated in the same way as described in subsection 2.A (i) above, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all posted unpaid Purchase Advances (exclusive of Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges on your Account as of the beginning of that day, adding any new Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges.

C. Each Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period is equal to the difference between the original amount of the Same-as-Cash Purchase or Promotional Item and the sum of all payments or credits posted to your Account prior to and as of that day that were applied against the Same-as-Cash Purchase or Promotional Item. The Purchase Advance Average Daily Balance for the Previous Billing Period (exclusive of Same-as-Cash Purchases and Promotional Items) is calculated by adding together the Purchase Advance Daily Balance for each day in the Previous Billing Period and dividing that sum by the number of days in the Previous Billing Period. The Purchase Advance Daily Balance for each day in the Previous Billing Period is calculated by taking the amount of all Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges first posted to your Account during the Previous Billing Period that remain unpaid as of the beginning of that day, adding any new Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your unpaid Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases will be included in the Purchase Advance Average Daily Balance when the applicable Deferral Period expires and will no longer appear on your Monthly Statement as a separate Same-as-Cash (or promotional item) Daily Balance.

3. Free Ride Period.

A. **Cash Advances.** A periodic rate finance charge applies to all Cash Advances from the date they are posted to your Account until paid in full.

B. **Same-as-Cash Purchases.** Although a periodic rate finance charge will accrue monthly on a Same-as-Cash Purchase from the date it is first posted to your Account, the accrued periodic rate finance charges will not be charged to your Account if the full amount of the Same-as-Cash Purchase is paid by the end of its Deferral Period. At the end of the Deferral Period, however, if the full amount of the Same-as-Cash Purchase has not been paid, the periodic rate finance charges that accrued on the Same-as-Cash Purchase during the prior Billing Periods of its Deferral period, and a periodic rate finance charge on the unpaid balance of the Same-as-Cash Purchase for the Current Billing Period, will be charged to your Account. A periodic rate finance charge on a Same-as-Cash Purchase whose Deferral Period has expired will continue to be charged to your Account during each following Billing Period in which any portion of the Same-as-Cash Purchase remains unpaid. On the front side of each Monthly Statement, the amount of the periodic rate finance charge for each Same-as-Cash Purchase whose Deferral Period has expired (i) appears in the transaction information section, and (ii), on the last page, is included in the "Account Summary" or the "Finance Charge" box, but will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. After expiration of the Deferral Period, Same-as-Cash Purchases will no longer be reported on your Monthly Statement.

C. **Other Purchase Advances.** Purchase Advances (including Promotional items, but excluding Same-as-Cash Purchases) and return check charges and documentation charges first posted to your Account during the Current Billing Period incur a periodic rate finance charge from the date they are posted to your Account until paid in full, unless (i) the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full on or before the Payment Due Date shown thereon, and (ii) the New Balance (after subtracting all Deferrals) shown on your Current Monthly Statement is paid in full on or before the Payment Due Date shown thereon. If the conditions described in (i) and (ii) above are both satisfied, you will avoid periodic rate finance charges on all Purchase Advances (including on Promotional items that are not Cash Advances, and other than accruals on Deferrals), return check charges and documentation charges first posted during the Current Billing Period. If the condition described in (i) above (relating to the payment of your prior balance) is satisfied, but the condition described in (ii) above (relating to the payment of your current balance) is not satisfied, then, at the beginning of the immediately-following Billing Period, a periodic rate finance charge will be assessed on all Purchase Advances (including Promotional items that are not Cash Advances, but excluding Deferrals) first posted to your Account during the Current Billing Period; the amount of such Finance Charge (exclusive of Finance Charges on Promotional items) will appear on your immediately-following Monthly Statement, and will show the dollar amount of the Current Billing Period Purchase Advance Average Daily Balance on which it was calculated (such Purchase Advance Average Daily Balance will be identified on the front of the last page of such following Monthly Statement as your "Average Daily Balance" for the "Previous Billing Period").

EXPLANATION OF FINANCE CHARGES

1. Finance Charges. During the Billing Period that ends on the "Statement Closing Date" printed on the front of each Monthly Statement, your Account may, subject to stated exceptions and conditions, be assessed a Finance Charge for the applicable Billing Period. The Finance Charge may consist of one or more of the following: a cash advance fee finance charge (which is a fixed amount) and/or a periodic rate finance charge. Any periodic rate finance charge charged to your Account during the Current Billing Period is calculated by multiplying a monthly periodic rate times the "Cash Advance Average Daily Balance", the "Purchase Advance Average Daily Balance" and each "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" of your Account for the Current Billing Period and, if applicable, times the "Purchase Advance Average Daily Balance" of your Account for the immediately-preceding Billing Period (the "Previous Billing Period").

2. Balance Computation. The Cash Advance Average Daily Balance of your Account for the Current Billing Period is computed by adding together the "Cash Advance Daily Balance" for each day in the Current Billing Period and dividing that sum by the number of days in the Current Billing Period. The "Purchase Advance Average Daily Balance" of your Account for the Current Billing Period is computed by adding together the "Purchase Advance Daily Balance" for each day in the Current Billing Period (exclusive of Same-as-Cash Purchases and other Promotional items) and dividing that sum by the number of days in the Current Billing Period. The "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" for the Current Billing Period of each Same-as-Cash Purchase or Promotional item on your Account is computed by adding together the Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period.

The "Cash Advance Daily Balance", "Purchase Advance Daily Balance" and "Same-as-Cash Purchase (or Promotional Item) Daily Balance" for each day in the Current Billing Period are calculated as explained below. For purposes of such calculations, each qualifying Purchase made under a "Same-as-Cash Program" is referred to as a "Deferral" for the period of time (the "Deferral Period") during which no periodic rate finance charge is assessed to your account for the Same-as-Cash Purchase pursuant to the terms and conditions of the promotional program. The transaction information section on the front of each Monthly Statement will reflect the amount of each Same-as-Cash Purchase and Promotional item posted to your Account, together with the date on which the Deferral Period for a Same-as-Cash Purchase will expire.

A. If the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full within 25 days of the Statement Closing Date shown thereon, then: (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all of your posted unpaid Cash Advances as of the beginning of that day, adding any new Cash Advances posted to your Account as of that day and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Cash Advances, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period will be zero, and the Purchase Advance Average Daily Balance will not be computed during the Current Billing Period.

B. If, however, the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was not paid in full on or before the Payment Due Date shown thereon, then (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated in the same way as described in subsection 2.A (i) above, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all posted unpaid Purchase Advances (exclusive of Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges on your Account as of the beginning of that day, adding any new Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges.

C. Each Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period is equal to the difference between the original amount of the Same-as-Cash Purchase or Promotional Item and the sum of all payments or credits posted to your Account prior to and as of that day that were applied against the Same-as-Cash Purchase or Promotional Item. The Purchase Advance Average Daily Balance for the Previous Billing Period (exclusive of Same-as-Cash Purchases and Promotional items) is calculated by adding together the Purchase Advance Daily Balance for each day in the Previous Billing Period and dividing that sum by the number of days in the Previous Billing Period. The Purchase Advance Daily Balance for each day in the Previous Billing Period is calculated by taking the amount of all Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges first posted to your Account during the Previous Billing Period that remain unpaid as of the beginning of that day, adding any new Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your unpaid Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases will be included in the Purchase Advance Average Daily Balance when the applicable Deferral Period expires and will no longer appear on your Monthly Statement as a separate Same-as-Cash (or promotional item) Daily Balance.

3. Free Ride Period.

A. **Cash Advances.** A periodic rate finance charge applies to all Cash Advances from the date they are posted to your Account until paid in full.

B. **Same-as-Cash Purchases.** Although a periodic rate finance charge will accrue monthly on a Same-as-Cash Purchase from the date it is first posted to your Account, the accrued periodic rate finance charges will not be charged to your Account if the full amount of the Same-as-Cash Purchase is paid by the end of its Deferral Period. At the end of the Deferral Period, however, if the full amount of the Same-as-Cash Purchase has not been paid, the periodic rate finance charges that accrued on the Same-as-Cash Purchase during the prior Billing Periods of its Deferral period, and a periodic rate finance charge on the unpaid balance of the Same-as-Cash Purchase for the Current Billing Period, will be charged to your Account. A periodic rate finance charge on a Same-as-Cash Purchase whose Deferral Period has expired will continue to be charged to your Account during each following Billing Period in which any portion of the Same-as-Cash Purchase remains unpaid. On the front side of each Monthly Statement, the amount of the periodic rate finance charge for each Same-as-Cash Purchase whose Deferral Period has expired (i) appears in the transaction information section, and (ii), on the last page, is included in the "Account Summary" or the "Finance Charge" box, but will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. After expiration of the Deferral Period, Same-as-Cash Purchases will no longer be reported on your Monthly Statement.

C. **Other Purchase Advances.** Purchase Advances (including Promotional items, but excluding Same-as-Cash Purchases) and return check charges and documentation charges first posted to your Account during the Current Billing Period incur a periodic rate finance charge from the date they are posted to your Account until paid in full, unless (i) the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full on or before the Payment Due Date shown thereon, and (ii) the New Balance (after subtracting all Deferrals) shown on your Current Monthly Statement is paid in full on or before the Payment Due Date shown thereon. If the conditions described in (i) and (ii) above are both satisfied, you will avoid periodic rate finance charges on all Purchase Advances (including on Promotional items that are not Cash Advances, and other than accruals on Deferrals), return check charges and documentation charges first posted during the Current Billing Period. If the condition described in (i) above (relating to the payment of your prior balance) is satisfied, but the condition described in (ii) above (relating to the payment of your current balance) is not satisfied, then, at the beginning of the immediately-following Billing Period, a periodic rate finance charge will be assessed on all Purchase Advances (including Promotional items that are not Cash Advances, but excluding Deferrals) first posted to your Account during the Current Billing Period; the amount of such Finance Charge (exclusive of Finance Charges on Promotional items) will appear on your immediately-following Monthly Statement, and will show the dollar amount of the Current Billing Period Purchase Advance Average Daily Balance on which it was calculated (such Purchase Advance Average Daily Balance will be identified on the front of the last page of such following Monthly Statement as your "Average Daily Balance" for the "Previous Billing Period").

BILLING RIGHTS SUMMARY

In case of Errors or Questions About Your Bill

If you think your bill is wrong or if you need more information about a transaction on your bill, write to us on a separate sheet at the address shown below as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.

In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error.

If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are

investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

Special Rule for Credit Card Purchases.

If you have a problem with the quality of goods or services that you purchased with a credit card, and you have tried in good faith to correct the problem with the merchant, you may not have to pay the remaining amount due on the goods or services. You have this protection only when the purchase price was more than \$50 and the purchase was made in your home state or within 100 miles of your mailing address. (If we own or operate the merchant, or if we mailed you the advertisement for the property or services, all purchases are covered regardless of amount or location of purchase.)

SEND INQUIRIES AND BILLING ERROR NOTICES TO: Card Center, P.O. Box 419734, Kansas City, MO. 64141 (800) 821-5184. In the Kansas City area, call 816-843-2000. Telephoning us will not preserve your Billing Error Rights.

In order to be credited to your account on the date received, your payment must be accompanied by the top portion of your statement and must be received at P.O. Box 219736, Kansas City, Missouri 64121-9736 by 10:00 a.m. Payments received at such location after 10:00 a.m. will be credited on the following business day, and payments received at any other address will be credited promptly but may be delayed up to five (5) days.

Notice regarding electronic collection of your check. When you send us a check drawn on a consumer account as payment on your account, you consent to our converting the check to an electronic (ACH) debit to collect it. See your Cardholder Agreement for further information. If we are unable to collect the debit electronically, you consent to our creation of a paper draft in the amount of your original check, which we will send to your financial institution for collection.

EXPLANATION OF FINANCE CHARGES

1. Finance Charges. During the Billing Period that ends on the "Statement Closing Date" printed on the front of each Monthly Statement, your Account may, subject to stated exceptions and conditions, be assessed a Finance Charge for the applicable Billing Period. The Finance Charge may consist of one or more of the following: a cash advance fee finance charge (which is a fixed amount) and/or a periodic rate finance charge. Any periodic rate finance charge charged to your Account during the Current Billing Period is calculated by multiplying a monthly periodic rate times the "Cash Advance Average Daily Balance", the "Purchase Advance Average Daily Balance" and each "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" of your Account for the Current Billing Period and, if applicable, times the "Purchase Advance Average Daily Balance" of your Account for the immediately-preceding Billing Period (the "Previous Billing Period").

2. Balance Computation. The Cash Advance Average Daily Balance of your Account for the Current Billing Period is computed by adding together the "Cash Advance Daily Balance" for each day in the Current Billing Period and dividing that sum by the number of days in the Current Billing Period. The "Purchase Advance Average Daily Balance" of your Account for the Current Billing Period is computed by adding together the "Purchase Advance Daily Balance" for each day in the Current Billing Period (exclusive of Same-as-Cash Purchases and other Promotional items) and dividing that sum by the number of days in the Current Billing Period. The "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" for the Current Billing Period of each Same-as-Cash Purchase or Promotional item on your Account is computed by adding together the Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period.

The "Cash Advance Daily Balance", "Purchase Advance Daily Balance" and "Same-as-Cash Purchase (or Promotional Item) Daily Balance" for each day in the Current Billing Period are calculated as explained below. For purposes of such calculations, each qualifying Purchase made under a "Same-as-Cash Program" is referred to as a "Deferral" for the period of time (the "Deferral Period") during which no periodic rate finance charge is assessed to your account for the Same-as-Cash Purchase pursuant to the terms and conditions of the promotional program. The transaction information section on the front of each Monthly Statement will reflect the amount of each Same-as-Cash Purchase and Promotional Item posted to your Account, together with the date on which the Deferral Period for a Same-as-Cash Purchase will expire.

A. If the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full within 25 days of the Statement Closing Date shown thereon, then: (i) the Cash Advance Daily Balance for each day of the Current Billing Period is calculated by taking the amount of all of your posted unpaid Cash Advances as of the beginning of that day, adding any new Cash Advances posted to your Account as of that day and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Cash Advances, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period will be zero, and the Purchase Advance Average Daily Balance will not be computed during the Current Billing Period.

B. If, however, the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was not paid in full on or before the Payment Due Date shown thereon, then (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated in the same way as described in subsection 2.A (i) above, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all posted unpaid Purchase Advances (exclusive of Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges on your Account as of the beginning of that day, adding any new Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges.

C. Each Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period is equal to the difference between the original amount of the Same-as-Cash Purchase or Promotional Item and the sum of all payments or credits posted to your Account prior to and as of that day that were applied against the Same-as-Cash Purchase or Promotional Item. The Purchase Advance Average Daily Balance for the Previous Billing Period (exclusive of Same-as-Cash Purchases and Promotional Items) is calculated by adding together the Purchase Advance Daily Balance for each day in the Previous Billing Period and dividing that sum by the number of days in the Previous Billing Period. The Purchase Advance Daily Balance for each day in the Previous Billing Period is calculated by taking the amount of all Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges first posted to your Account during the Previous Billing Period that remain unpaid as of the beginning of that day, adding any new Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your unpaid Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases will be included in the Purchase Advance Average Daily Balance when the applicable Deferral Period expires and will no longer appear on your Monthly Statement as a separate Same-as-Cash (or promotional item) Daily Balance.

3. Free Ride Period.

A. Cash Advances. A periodic rate finance charge applies to all Cash Advances from the date they are posted to your Account until paid in full.

B. Same-as-Cash Purchases. Although a periodic rate finance charge will accrue monthly on a Same-as-Cash Purchase from the date it is first posted to your Account, the accrued periodic rate finance charges will not be charged to your Account if the full amount of the Same-as-Cash Purchase is paid by the end of its Deferral Period. At the end of the Deferral Period, however, if the full amount of the Same-as-Cash Purchase has not been paid, the periodic rate finance charges that accrued on the Same-as-Cash Purchase during the prior Billing Periods of its Deferral period, and a periodic rate finance charge on the unpaid balance of the Same-as-Cash Purchase for the Current Billing Period, will be charged to your Account. A periodic rate finance charge on a Same-as-Cash Purchase whose Deferral Period has expired will continue to be charged to your Account during each following Billing Period in which any portion of the Same-as-Cash Purchase remains unpaid. On the front side of each Monthly Statement, the amount of the periodic rate finance charge for each Same-as-Cash Purchase whose Deferral Period has expired (i) appears in the transaction information section, and (ii), on the last page, is included in the "Account Summary" or the "Finance Charge" box, but will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. After expiration of the Deferral Period, Same-as-Cash Purchases will no longer be reported on your Monthly Statement.

C. Other Purchase Advances. Purchase Advances (including Promotional items, but excluding Same-as-Cash Purchases) and return check charges and documentation charges first posted to your Account during the Current Billing Period incur a periodic rate finance charge from the date they are posted to your Account until paid in full, unless (i) the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full on or before the Payment Due Date shown thereon, and (ii) the New Balance (after subtracting all Deferrals) shown on your Current Monthly Statement is paid in full on or before the Payment Due Date shown thereon. If the conditions described in (i) and (ii) above are both satisfied, you will avoid periodic rate finance charges on all Purchase Advances (including on Promotional items that are not Cash Advances, and other than accruals on Deferrals), return check charges and documentation charges first posted during the Current Billing Period. If the condition described in (i) above (relating to the payment of your prior balance) is satisfied, but the condition described in (ii) above (relating to the payment of your current balance) is not satisfied, then, at the beginning of the immediately-following Billing Period, a periodic rate finance charge will be assessed on all Purchase Advances (including Promotional items that are not Cash Advances, but excluding Deferrals) first posted to your Account during the Current Billing Period; the amount of such Finance Charge (exclusive of Finance Charges on Promotional items) will appear on your immediately-following Monthly Statement, and will show the dollar amount of the Current Billing Period Purchase Advance Average Daily Balance on which it was calculated (such Purchase Advance Average Daily Balance will be identified on the front of the last page of such following Monthly Statement as your "Average Daily Balance" for the "Previous Billing Period").

EXPLANATION OF FINANCE CHARGES

1. Finance Charges. During the Billing Period that ends on the "Statement Closing Date" printed on the front of each Monthly Statement, your Account may, subject to stated exceptions and conditions, be assessed a Finance Charge for the applicable Billing Period. The Finance Charge may consist of one or more of the following: a cash advance fee finance charge (which is a fixed amount) and/or a periodic rate finance charge. Any periodic rate finance charge charged to your Account during the Current Billing Period is calculated by multiplying a monthly periodic rate times the "Cash Advance Average Daily Balance", the "Purchase Advance Average Daily Balance" and each "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" of your Account for the Current Billing Period and, if applicable, times the "Purchase Advance Average Daily Balance" of your Account for the immediately-preceding Billing Period (the "Previous Billing Period").

2. Balance Computation. The Cash Advance Average Daily Balance of your Account for the Current Billing Period is computed by adding together the "Cash Advance Daily Balance" for each day in the Current Billing Period and dividing that sum by the number of days in the Current Billing Period. The "Purchase Advance Average Daily Balance" of your Account for the Current Billing Period is computed by adding together the "Purchase Advance Daily Balance" for each day in the Current Billing Period (exclusive of Same-as-Cash Purchases and other Promotional items) and dividing that sum by the number of days in the Current Billing Period. The "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" for the Current Billing Period of each Same-as-Cash Purchase or Promotional item on your Account is computed by adding together the Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period.

The "Cash Advance Daily Balance", "Purchase Advance Daily Balance" and "Same-as-Cash Purchase (or Promotional Item) Daily Balance" for each day in the Current Billing Period are calculated as explained below. For purposes of such calculations, each qualifying Purchase made under a "Same-as-Cash Program" is referred to as a "Deferral" for the period of time (the "Deferral Period") during which no periodic rate finance charge is assessed to your account for the Same-as-Cash Purchase pursuant to the terms and conditions of the promotional program. The transaction information section on the front of each Monthly Statement will reflect the amount of each Same-as-Cash Purchase and Promotional item posted to your Account, together with the date on which the Deferral Period for a Same-as-Cash Purchase will expire.

A. If the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full within 25 days of the Statement Closing Date shown thereon, then: (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all of your posted unpaid Cash Advances as of the beginning of that day, adding any new Cash Advances posted to your Account as of that day and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Cash Advances, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period will be zero, and the Purchase Advance Average Daily Balance will not be computed during the Current Billing Period.

B. If, however, the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was not paid in full on or before the Payment Due Date shown thereon, then: (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated in the same way as described in subsection 2.A (i) above, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all posted unpaid Purchase Advances (exclusive of Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges on your Account as of the beginning of that day, adding any new Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges.

C. Each Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period is equal to the difference between the original amount of the Same-as-Cash Purchase or Promotional item and the sum of all payments or credits posted to your Account prior to and as of that day that were applied against the Same-as-Cash Purchase or Promotional item. The Purchase Advance Average Daily Balance for the Previous Billing Period (exclusive of Same-as-Cash Purchases and Promotional items) is calculated by adding together the Purchase Advance Daily Balance for each day in the Previous Billing Period and dividing that sum by the number of days in the Previous Billing Period. The Purchase Advance Daily Balance for each day in the Previous Billing Period is calculated by taking the amount of all Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges first posted to your Account during the Previous Billing Period that remain unpaid as of the beginning of that day, adding any new Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your unpaid Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases will be included in the Purchase Advance Average Daily Balance when the applicable Deferral Period expires and will no longer appear on your Monthly Statement as a separate Same-as-Cash (or promotional item) Daily Balance.

3. Free Ride Period.

A. **Cash Advances.** A periodic rate finance charge applies to all Cash Advances from the date they are posted to your Account until paid in full.

B. **Same-as-Cash Purchases.** Although a periodic rate finance charge will accrue monthly on a Same-as-Cash Purchase from the date it is first posted to your Account, the accrued periodic rate finance charges will not be charged to your Account if the full amount of the Same-as-Cash Purchase is paid by the end of its Deferral Period. At the end of the Deferral Period, however, if the full amount of the Same-as-Cash Purchase has not been paid, the periodic rate finance charges that accrued on the Same-as-Cash Purchase during the prior Billing Periods of its Deferral period, and a periodic rate finance charge on the unpaid balance of the Same-as-Cash Purchase for the Current Billing Period, will be charged to your Account. A periodic rate finance charge on a Same-as-Cash Purchase whose Deferral Period has expired will continue to be charged to your Account during each following Billing Period in which any portion of the Same-as-Cash Purchase remains unpaid. On the front side of each Monthly Statement, the amount of the periodic rate finance charge for each Same-as-Cash Purchase whose Deferral Period has expired (i) appears in the transaction information section, and (ii), on the last page, is included in the "Account Summary" or the "Finance Charge" box, but will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. After expiration of the Deferral Period, Same-as-Cash Purchases will no longer be reported on your Monthly Statement.

C. **Other Purchase Advances.** Purchase Advances (including Promotional items, but excluding Same-as-Cash Purchases) and return check charges and documentation charges first posted to your Account during the Current Billing Period incur a periodic rate finance charge from the date they are posted to your Account until paid in full, unless (i) the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full on or before the Payment Due Date shown thereon, and (ii) the New Balance (after subtracting all Deferrals) shown on your Current Monthly Statement is paid in full on or before the Payment Due Date shown thereon. If the conditions described in (i) and (ii) above are both satisfied, you will avoid periodic rate finance charges on all Purchase Advances (including on Promotional items that are not Cash Advances, and other than accruals on Deferrals), return check charges and documentation charges first posted during the Current Billing Period. If the condition described in (i) above (relating to the payment of your prior balance) is satisfied, but the condition described in (ii) above (relating to the payment of your current balance) is not satisfied, then, at the beginning of the immediately-following Billing Period, a periodic rate finance charge will be assessed on all Purchase Advances (including Promotional items that are not Cash Advances, but excluding Deferrals) first posted to your Account during the Current Billing Period; the amount of such Finance Charge (exclusive of Finance Charges on Promotional items) will appear on your immediately-following Monthly Statement, and will show the dollar amount of the Current Billing Period Purchase Advance Average Daily Balance on which it was calculated (such Purchase Advance Average Daily Balance will be identified on the front of the last page of such following Monthly Statement as your "Average Daily Balance" for the "Previous Billing Period").

EXPLANATION OF FINANCE CHARGES

1. Finance Charges. During the Billing Period that ends on the "Statement Closing Date" printed on the front of each Monthly Statement, your Account may, subject to stated exceptions and conditions, be assessed a Finance Charge for the applicable Billing Period. The Finance Charge may consist of one or more of the following: a cash advance fee finance charge (which is a fixed amount) and/or a periodic rate finance charge. Any periodic rate finance charge charged to your Account during the Current Billing Period is calculated by multiplying a monthly periodic rate times the "Cash Advance Average Daily Balance", the "Purchase Advance Average Daily Balance" and each "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" of your Account for the Current Billing Period and, if applicable, times the "Purchase Advance Average Daily Balance" of your Account for the immediately-preceding Billing Period (the "Previous Billing Period").

2. Balance Computation. The Cash Advance Average Daily Balance of your Account for the Current Billing Period is computed by adding together the "Cash Advance Daily Balance" for each day in the Current Billing Period and dividing that sum by the number of days in the Current Billing Period. The "Purchase Advance Average Daily Balance" of your Account for the Current Billing Period is computed by adding together the "Purchase Advance Daily Balance" for each day in the Current Billing Period (exclusive of Same-as-Cash Purchases and other Promotional items) and dividing that sum by the number of days in the Current Billing Period. The "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" for the Current Billing Period of each Same-as-Cash Purchase or Promotional item on your Account is computed by adding together the Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period.

The "Cash Advance Daily Balance", "Purchase Advance Daily Balance" and "Same-as-Cash Purchase (or Promotional Item) Daily Balance" for each day in the Current Billing Period are calculated as explained below. For purposes of such calculations, each qualifying Purchase made under a "Same-as-Cash Program" is referred to as a "Deferral" for the period of time (the "Deferral Period") during which no periodic rate finance charge is assessed to your account for the Same-as-Cash Purchase pursuant to the terms and conditions of the promotional program. The transaction information section on the front of each Monthly Statement will reflect the amount of each Same-as-Cash Purchase and Promotional item posted to your Account, together with the date on which the Deferral Period for a Same-as-Cash Purchase will expire.

A. If the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full within 25 days of the Statement Closing Date shown thereon, then: (i) the Cash Advance Daily Balance for each day of the Current Billing Period is calculated by taking the amount of all of your posted unpaid Cash Advances as of the beginning of that day, adding any new Cash Advances posted to your Account as of that day and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Cash Advances, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period will be zero, and the Purchase Advance Average Daily Balance will not be computed during the Current Billing Period.

B. If, however, the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was not paid in full on or before the Payment Due Date shown thereon, then (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated in the same way as described in subsection 2.A (i) above, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all posted unpaid Purchase Advances (exclusive of Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges on your Account as of the beginning of that day, adding any new Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges.

C. Each Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period is equal to the difference between the original amount of the Same-as-Cash Purchase or Promotional item and the sum of all payments or credits posted to your Account prior to and as of that day that were applied against the Same-as-Cash Purchase or Promotional item. The Purchase Advance Average Daily Balance for the Previous Billing Period (exclusive of Same-as-Cash Purchases and Promotional items) is calculated by adding together the Purchase Advance Daily Balance for each day in the Previous Billing Period and dividing that sum by the number of days in the Previous Billing Period. The Purchase Advance Daily Balance for each day in the Previous Billing Period is calculated by taking the amount of all Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges first posted to your Account during the Previous Billing Period that remain unpaid as of the beginning of that day, adding any new Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your unpaid Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases will be included in the Purchase Advance Average Daily Balance when the applicable Deferral Period expires and will no longer appear on your Monthly Statement as a separate Same-as-Cash (or promotional item) Daily Balance.

3. Free Ride Period.

A. Cash Advances. A periodic rate finance charge applies to all Cash Advances from the date they are posted to your Account until paid in full.

B. Same-as-Cash Purchases. Although a periodic rate finance charge will accrue monthly on a Same-as-Cash Purchase from the date it is first posted to your Account, the accrued periodic rate finance charges will not be charged to your Account if the full amount of the Same-as-Cash Purchase is paid by the end of its Deferral Period. At the end of the Deferral Period, however, if the full amount of the Same-as-Cash Purchase has not been paid, the periodic rate finance charges that accrued on the Same-as-Cash Purchase during the prior Billing Periods of its Deferral period, and a periodic rate finance charge on the unpaid balance of the Same-as-Cash Purchase for the Current Billing Period, will be charged to your Account. A periodic rate finance charge on a Same-as-Cash Purchase whose Deferral Period has expired will continue to be charged to your Account during each following Billing Period in which any portion of the Same-as-Cash Purchase remains unpaid. On the front side of each Monthly Statement, the amount of the periodic rate finance charge for each Same-as-Cash Purchase whose Deferral Period has expired (i) appears in the transaction information section, and (ii), on the last page, is included in the "Account Summary" or the "Finance Charge" box, but will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. After expiration of the Deferral Period, Same-as-Cash Purchases will no longer be reported on your Monthly Statement.

C. Other Purchase Advances. Purchase Advances (including Promotional items, but excluding Same-as-Cash Purchases) and return check charges and documentation charges first posted to your Account during the Current Billing Period incur a periodic rate finance charge from the date they are posted to your Account until paid in full, unless (i) the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full on or before the Payment Due Date shown thereon, and (ii) the New Balance (after subtracting all Deferrals) shown on your Current Monthly Statement is paid in full on or before the Payment Due Date shown thereon. If the conditions described in (i) and (ii) above are both satisfied, you will avoid periodic rate finance charges on all Purchase Advances (including on Promotional items that are not Cash Advances, and other than accruals on Deferrals), return check charges and documentation charges first posted during the Current Billing Period. If the condition described in (i) above (relating to the payment of your prior balance) is satisfied, but the condition described in (ii) above (relating to the payment of your current balance) is not satisfied, then, at the beginning of the immediately-following Billing Period, a periodic rate finance charge will be assessed on all Purchase Advances (including Promotional items that are not Cash Advances, but excluding Deferrals) first posted to your Account during the Current Billing Period; the amount of such Finance Charge (exclusive of Finance Charges on Promotional items) will appear on your immediately-following Monthly Statement, and will show the dollar amount of the Current Billing Period Purchase Advance Average Daily Balance on which it was calculated (such Purchase Advance Average Daily Balance will be identified on the front of the last page of such following Monthly Statement as your "Average Daily Balance" for the "Previous Billing Period").
