Project overview

Recipients are required to enter projects funded through SLFRF funds as part of their Project and Expenditure Report. Projects can be entered, viewed, and updated from this screen.

All projects, regardless of expenditure category, require a set of "standard" data fields. Some of these fields, such as project name and project ID, are static and do not change across reporting periods. Other fields, such as status of completion and total obligations, will change across reporting periods.

Note: bulk upload templates will appear once you have selected the project expenditure category.

You may need to refresh your browser screen to see your new entries.

New feature below allowing a project to be locked that meet the criteria of being in a Complete status and 100% Obligated and Expended. This feature is only available if the status of the project is identified as Complete, the Total Cumulative Obligations and Expenditures equal the Adopted Budget (Note, if there is no Adopted Budget, the Expenditures will need to be 100% of the Obligations to enable this feature). You may select the Lock Icon on the project line to see if your project is eligible to be locked. If the Project Status, the Total Cumulative Obligations and Total Cumulative Expenditures are all Green, the Lock Project button will be available to be selected.

Subawards or direct payments

Please provide general information for each subaward or direct payment of federal funding greater than \$50,000 provided under this program. You will need to provide detailed information on the amount, date, period and place of performance, and a brief description of the subaward or direct payment and its underlying eligible use. In addition, you will also associate the subaward or direct payment with the relevant project/FAIN and subrecipient.

Please note: The term subaward in the title of this module reflects the broader definition that includes contracts, grants, loans, direct payments, and others. Recipients should use the "subaward type" dropdown to more specifically identify the type of agreement being captured.

Subaward type drop-down picklist includes the following choices:

- Contract: purchase order
- Contract: delivery order
- Contract: blanket purchase agreement
- Contract: definitive contract
- Grant: lump sum payment(s)
- Grant: reimbursable
- Loan - maturity prior to 12/31/26 with planned forgiveness (please see note below on use of loans)
- Loan - maturity prior to 12/31/26 without planned forgiveness (please see note below on use of loans)
- Loan - maturity past 12/31/26 with planned forgiveness (please see note below on use of loans)

Revenue replacement

Recipients will have the option below to update or provide information associated with revenue replacement.

Depending on your answer to the question, "Is your jurisdiction electing to use the standard allowance of up to \$10 million for identifying the revenue loss?" you will be asked conditional questions.

Please note: during the period of performance covered by this report, the Interim Final Rule still applies. However, if your jurisdiction is calculating your "Revenue loss due to COVID-19 Public Health Emergency" using your fiscal year, you may do so by completing the "Fiscal Year End Date" field and entering your revenue loss in the same "Revenue loss due to COVID-19 Public Health Emergency" field.

If that situation applies to you, please make clear in the "Provide an explanation..." text box that you are using fiscal year for your calculation.
