Permit No. 029930

On October 10th, Entergy asked that I get a permit in order to have service turned on after a temporary disconnect. However, when Entergy came out, it was not required to disconnect the power in order to trim the trees. Therefore, Entergy suggested that I contact the Permit Department to inform them a permit was not required. For that reason, I am requesting a refund of \$115.00, check #1202, dated 10/10/23.

Thank you for your attention to this matter.
Sincerely,
Marie Evans Lewis
