

## Offer Sheet

Be it known that the Madison County Board of Supervisors (125 West North St., Canton MS 39046), (hereinafter "PURCHASER") has offered the New Hamburg Fire District (15 Channingville Rd., Wappingers Falls NY 12590), (hereinafter "SELLER") \$125,000 (One-Hundred-Twenty-Five-Thousand Dollars) for the following described item:

Model- 2002 Spartan/Saulsbury Heavy Rescue  
Vin#- 4S7AU399X2C041067

1. Offer is contingent upon a successful inspection visit by the PURCHASER. Once the vehicle has been deemed satisfactory for delivery by the PURCHASER, the offer will become binding. Title to and ownership of vehicle will not pass from SELLER to PURCHASER until full payment is made. Payment will be in the form of a certified check or wire transfer.
2. Release of final payment by PURCHASER to SELLER is considered final acceptance by PURCHASER and any issues or concerns regarding the condition of vehicle are deemed a closed matter and PURCHASER agrees that it shall have no claims against the SELLER and Signal 5 Fire Apparatus relative to the condition of the vehicle.
3. The vehicle is sold as is, with no warranties expressed or implied. PURCHASER agrees that the vehicle is taken in "as is" condition with no warranties either express or implied. PURCHASER acknowledges that a manufacturer's authorized service facility should service the vehicle and certify it before placing it in service. It is the PURCHASER's responsibility to make certain that those persons using this apparatus/equipment may do so safely and are properly trained in its use.
4. EXCEPT AS SET FORTH HEREIN, SELLER MAKES NO WARRANTY TO PURCHASER WITH RESPECT TO THE GOODS, AND PURCHASER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
5. Limitation of Liability. In no event shall SELLER or Signal 5 Fire Apparatus be liable for any special, indirect, incidental or consequential damages arising out of or connected with this Agreement or the Goods, regardless of whether a claim is based on contract, tort, strict liability, or otherwise; nor shall PURCHASER's damages exceed the amount of the purchase price of the Goods.
6. The parties further agree that the risk of loss with regard to this vehicle shall pass from SELLER to PURCHASER upon the final delivery and receipt of payment.

PURCHASER acknowledges that it will be responsible to add the vehicle to its vehicle and liability insurance policies before delivery. PURCHASER agrees to indemnify, hold harmless and defend SELLER and Signal 5 Fire Apparatus with regard to any causes of action that may arise from the use and operation of this vehicle after the delivery of possession to PURCHASER.

7. Miscellaneous. This Agreement shall be construed and enforced in accordance with the laws of the State of New York. The parties agree that with regard to any cause of action arising from this Agreement that they will submit to the exclusive jurisdiction and venue of the state courts of the state of New York and that any such action must be commenced in the Supreme Court of the County of Dutchess.

## Miss. Code Ann. § 31-7-13

### Copy Citation

Current through the 2023 Regular Session including changes and corrections authorized by the Joint Legislative Committee on Compilation, Revision and Publication of Legislation.

Mississippi Code 1972 Annotated Title 31. Public Business, Bonds and Obligations (Chs. 1 – 31) Chapter 7. Public Purchases (§§ 31-7-1 – 31-7-423) In General (§§ 31-7-1 – 31-7-73)

§ 31-7-13. Bid requirements and exceptions; public auctions [Paragraph (m)(xxxviii) repealed effective June 30, 2026].

All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

**(a) Bidding procedure for purchases not over \$5,000.00.** Purchases which do not involve an expenditure of more than Five Thousand Dollars (\$5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

**(b) Bidding procedure for purchases over \$5,000.00 but not over \$75,000.00.** Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars (\$75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee,

Document:

Miss. Code Ann. § 31-7-13

state of Mississippi, or any governing authority or state agency of another state at a public auction held for the purpose of disposing of such vehicles or other equipment. Any purchase by a governing authority under the exemption authorized by this subparagraph (v) shall require advance authorization spread upon the minutes of the governing authority to include the listing of the item or items authorized to be purchased and the maximum bid authorized to be paid for each item or items.

**(vi) Intergovernmental sales and transfers.** Purchases, sales, transfers or trades by governing authorities or state agencies when such purchases, sales, transfers or trades are made by a private treaty agreement or through means of negotiation, from any federal agency or authority, another governing authority or state agency of the State of Mississippi, or any state agency or governing authority of another state. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

**(vii) Perishable supplies or food.** Perishable supplies or food purchased for use in connection with hospitals, the school lunch programs, homemaking programs and for the feeding of county or municipal prisoners.

**(viii) Single-source items.** Noncompetitive items available from one (1) source only. In connection with the purchase of noncompetitive items only available from one (1) source, a certification of the conditions and circumstances requiring the purchase shall be filed by the agency with the Department of Finance and Administration and by the governing authority with the board of the governing authority. Upon receipt of that certification the Department of Finance and Administration or the board of the governing authority, as the case may be, may, in writing, authorize the purchase, which authority shall be noted on the minutes of the body at the next regular meeting thereafter. In those situations, a governing authority is not required to obtain the approval of the Department of Finance and Administration. Following the purchase, the executive head of the state agency, or his designees, shall file with the Department of Finance and Administration, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the source from whom it was purchased.

**(ix) Waste disposal facility construction contracts.** Construction of incinerators and other facilities for disposal of solid wastes in which products either generated therein, such as steam, or recovered therefrom, such as materials for recycling, are to be sold or otherwise disposed of; however, in constructing such facilities, a governing authority or agency shall publicly issue requests for proposals, advertised for in the same manner as provided herein for seeking bids for public construction projects, concerning the design, construction, ownership, operation and/or maintenance of such facilities, wherein such requests for proposals when issued shall contain terms and conditions relating to price,

Maintenance reports available  
Truck is in very good condition  
Exterior- Paint is in excellent condition- no dents,dings or rust and very few scratches and scrapes  
Interior- in very good shape, no rips in seats or upholstery.  
Undercarriage- some minor surface rust.  
Tires-Good about 65%

## Apparatus Information

Saulsbury Fire & Rescue Apparatus was an American fire apparatus manufacturer located in Preble, NY. Fancher L. "Sam" Saulsbury, a machinist who was also the chief for the Preble Volunteer Fire Department, built his first fire truck in 1958. He formed Saulsbury Fire Equipment in the early 1960s and, among its other offerings, the

company started to specialize in walk-in rescue trucks. After sub-contracting work for several years, Saulsbury consolidated production in a new plant in Tully, New York in 1973. They moved again to a larger facility in Preble in 1988. In 1998, Saulsbury was purchased by Federal Signal Corporation, the parent company of E-One at the time. In 2004, E-One announced the closure of the Saulsbury plant. Saulsbury's signature products were rescues, but they also pumpers, tankers and mini-pumpers. A small number of aerials equipped with LTI aerial devices were built in the mid-1990s. Trucks were built on custom and commercial chassis.

[http://fire.wikia.com/wiki/Saulsbury\\_Fire\\_%26\\_Rescue\\_Apparatus](http://fire.wikia.com/wiki/Saulsbury_Fire_%26_Rescue_Apparatus)

The light tower on this vehicle will provide excellent scene lighting on your response. Whether lighting a wreck scene, or making sure your fire fighters have the light needed to prepare for work, this truck can provide that.

With under 25,000 miles, this used fire truck has been very well taken care of over its life. There should be plenty of life left to respond to emergency calls in your own fire department with this piece of emergency equipment.
