Canton, MS 39046

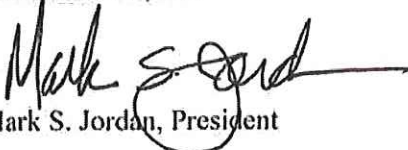

Re: Site Plan for Stribling Market dated May 26, 2023, and submitted June 2, 2023

Dear Mr. Weeks:

Lake Caroline, Inc. submitted a Site Plan for Stribling Market in accordance with the procedures used for prior commercial property approvals within the Lake Caroline PUD. However, based on the questions that have been raised regarding the commercial zoning designation of the subject property, LCI believes it is in the best interest of all parties to allow the Commission to independently focus on determining the appropriate commercial designation of the commercial property reserved within the Lake Caroline PUD. Therefore, please accept this letter as LCI's formal withdrawal of LCI's pending application for approval of the Site Plan for Stribling Market. Thank you for your consideration, and we look forward to working with the County to clarify the commercial designation of the subject property for future development considerations.

Sincerely,

Lake Caroline, Inc.

Mark S. Jordan, President
