Counsel,

Judge Mills has reviewed the filings and finds the decision of the Board should be affirmed as it was supported by substantial evidence, not arbitrary or capricious, within the Board's power, and not in violation of Appellants' constitutional or statutory rights. Counsel for the Board, please get us a proposed order for Judge's review.

Thank you,

Allie Burroughs
Law Clerk
20th Circuit Court District
Cell: (904) 894-5136
