CCG and MCJDTC personnel are responsible for maintaining student confidentiality as guided by HIPAA (the Health Insurance Portability and Accountability Act) and FERPA (the Family Educational Rights and Privacy Act).

When a student is referred by the Court, an appointment is made by Charlton Consulting Group with a Master's level therapist. The therapist will obtain a written release of information giving both agencies authorization to correspond in reference to the referred individual. Upon completion of the first contact, a letter will be sent to the Court reflecting assessment and recommendation for treatment services to be provided. CCG staff must follow crisis protocol as set forth by state regulations. If CCG is unable to provide mental health services that fit the needs of the client, CCG staff will attempt to connect the individual and family with appropriate mental health services and may refer to other levels of care based on medical necessity. CCG plans to provide additional services to students and families on an "as-needed basis" to all students that exhibit a medical necessity for higher level of care.
