Re: Request of Approval  
Madison County EOC Facebook Page

We are seeking approval to set up a Facebook Page for Madison County Emergency Management. The purpose and idea of the page is to connect with the residents of Madison County, keeping them informed of current events; such as, weather alerts, road closures, community projects, etc. The page would be set up to provide information only. The public would not be allowed to feed into the page.

We have observed other surrounding counties that have set up a department Facebook page and the response has seemed to be a positive one from the community. We feel this is just another way to help keep the Madison County residents informed and connected.
