Dear Mr. Bryan,

On behalf of the City of Gluckstadt Public Works, I am writing to express our concerns regarding the proposed entrance to the Glenwild Subdivision along Clarkdell Rd. We believe the current condition of Clarkdell Rd is not sufficient to support the expected volume of traffic from this neighborhood.

Given the potential impact on both safety and road longevity, we recommend that the entrance not be placed at this location. We appreciate your understanding and look forward to any discussions on possible alternatives.

Thank you for your attention to this matter.

Sincerely,
Chris Buckner
City of Gluckstadt, Public Works Director
