November 6, 2024

Dear Supervisors,

I would like the Madison County Board of Supervisors to acknowledge and accept a donation of two (2) MSA Altair 5x Gas Monitors from Denbury, Inc. to be placed for service on the Heavy Rescue that the County purchased this year. Also, attached is a letter of donation from Denbury, Inc. for the two (2) Gas Monitors.

Respectfully,

Minor Norman
Fire Coordinator

November 5, 2024

Mr. Minor Norman
Fire Coordinator - Madison County Emergency Management Agency
1633 West Peace Street
Canton, MS 39046

Mr. Norman,

Please accept this letter as documentation of the donation made by Denbury, Inc. (Denbury) to the Madison County Emergency Management Agency and first responders. Following a response drill and capabilities discussion on October 2, 2024, Denbury was made aware that Madison County first responders required additional air monitoring equipment that could assist in the response to emergencies, including those from a CO₂ pipeline. With Denbury's pipeline footprint in Madison County, we are excited to supply your county's first responders with this equipment. This donation is not intended to result in the exchange of goods or services provided by your agency outside of their normal jurisdictional and response protocols. The air monitoring equipment is to be used at the sole discretion of your agency and first responders.

Included in the donation are the below items, which were delivered to Mr. Minor Norman in Canton, MS on November 4, 2024.

Item(s)	Part Number / Serial Number	Estimated Value
MSA Altair 5x Gas Monitor w/ Charger	A-ALT5X; 00031308	\$1500.00
MSA Altair 5x Gas Monitor w/ Charger	A-ALT5X; 00020316	\$1500.00
		\$3000.00

Should you have any questions or concerns, please feel free to reach me using the contact information listed below.

Sincerely,
