Re: 21-027B Softball Complex, Sulphur Springs Park

Proposed Change Request 7: Undercut parking lot to remove debris \$3,680.09

Josh,

During the March 11, 2025 OAC meeting, you, Drew Ridinger, and I discussed the discovery of debris in the soil under the new parking lot area. This debris was discovered when S & S Excavation was installing the new storm drain. After some discussion, it was agreed that the bad material should be removed from the site. The cost for this additional work is \$3,680.09 and can be funded by the Owner's Contingency Allowance. A copy of the proposal from S & S is attached for your review.

If this change in scope of work is approved and funded by the Owner's Contingency Allowance, no additional markup will be added. Due to the extent of the new work, we request five (5) additional days be added to our contract. If you have any questions, give me a call.

Thanks,

David England

Var Shy
