2912 Virginia Rd
Florida, MS 39071

I am requesting a refund for a utility

permit (031392). The permit was to resort
power to the water well at
Southern Vital Records. Because

I get my water from there

and have since 1977. The business
has left and all utilities are no longer

on. West Madison County is

putting an emergency plan

together in order to get

a new line run down Virginia Rd

that would service myself and the

new owners of Southern Vital. *Casey Mullins*
