

To: Madison County Board of Supervisors.

I'm writing to request that The Board consider granting permission to work with the Madison County Sheriff's office, and a few of their personnel for a few interior and exterior sequences during the filming of, "The Girl in the River", a film shooting in Canton, Mississippi and surrounding areas. Crime scenes and a roadblock scene would evidence a few County vehicles for a very limited time, and if we could use some uniformed deputies, to add legitimacy to those scenes, as well as scenes shot in the film's Sheriff's Station set, would be greatly appreciated and would enhance the film.

There are no car chases or working road closures required, pretty simple stuff, but just giving the presence of the Sheriff's department in the context of the murder investigation that the film centers around,

If there is any possibility of shooting at the actual Madison County Sheriff's office for a few days, we would welcome it, but if that's not possible, we would create a Sheriff's Office set somewhere in town and perhaps shoot just the exterior of Madison County Sheriff's office to establish it.

As always, we understand that if the deputies get a call, that they must go do their job, which always comes first.

The Girl in the River is a favorite of the MS film office, and is in no way derogatory of law enforcement, and Sheriff Randy Tucker and Chief Jeremy Williams have approved the foregoing, subject to Board approval.

I have shot many films with the approval of the board and the participation of the Madison County Sheriff's Department, including "The Minute You Wake Up, Dead," starring Morgan Freeman, and the Pureflix, world, premiere movie, "Finding Faith," and "Sisters on the Run" AKA "Broken Ties," most recently, "Lazarus the Awakening", sequel to the first ever TUBI premier movie, and have always had a wonderful experience.

Our schedule is to prep for three weeks starting July 21 in Canton, and start shooting August 11, for 15 days over 3 consecutive weeks.

Thanks so much for your consideration.
