WHEREAS, the undersigned has been advised by the Madison County Sheriff's Office that the air conditioner in the holding/receiving area of the Madison County Detention Center is currently non-operational. The additional heat is negatively impacting staff, detainees, and laundry equipment such that the immediate restoration of the air conditioner is essential to the continued operation of the Madison County Detention Center.

THEREFORE, in accordance §31-7-1 et seq. and as the Madison County Board of Supervisors' officially named designee to declare emergencies, I, Greg Higginbotham, do hereby declare an emergency exists concerning the air conditioner for the holding/receiving area at the Madison County Detention Center. This declaration shall only be applicable to expenditures incurred by the Madison County Board of Supervisors related to replacing the failing chillers.

Greg Higginbotham, County Administrator

Air in laundry room and holding/receiving tank

Hey Greg

We are currently having major issues with the air conditioner in the holding/receiving area . It is very hot due to the air being out and we are still having to house intakes and release in that area. Due to the dangerous heat we need the air fixed as fast as possible

In the laundry room the heat is effecting the performance of one washer and one dryer so far, I have technicians in route to check them out as well. The laundry trusty is also having a hard time staying in the laundry room as well due to the excessive heat.
