August 11, 2025

Dear Supervisors,

I'm requesting your approval to attend the TEEX Emergency Services Training Institute on September 20-21, 2025, at the Texas A&M Engineering Extension Service located in College Station, Texas. This will be a class for HazMat Liquid Pipeline and Industrial Fire Emergencies dealing with Carbon Dioxide (CO2). The class is fully funded by Exxon Mobil. Some volunteer firefighters from county departments will also be attending. Depending on how many volunteers attending, we might be taking two (2) vehicles from Fire Services.

Respectfully,

Minor Norman  
Fire Coordinator

Casey Brennan-District One  
Karl Banks-District Four

Trey Baxter -District Two  
Paul Griffin-District Five

Gerald Steen -District Three  
Ronnie Lott- Chancery Clerk
