Dear Albert,

I hope this message finds you well.

I wanted to follow up regarding the allocated funds we previously discussed over the phone. I've included Greg Higginbotham and Supervisor Gerald Steen on this email to ensure all parties are aware of the intended use of the funds.

These funds will be used for a complete replacement of the public address (PA) system in all Ridgeland Fire Department stations. The upgrade will address issues with clarity and reliability during emergency call tones and will also support our project to implement a new, modernized toning system. I've attached a quote from Jackson Communications for your reference, and we are in the process of obtaining an additional quote in accordance with state purchasing requirements.

As this is my first time managing this type of funding process, I've consulted with our City Clerk and administrative staff regarding the proper procedure for accepting and utilizing the funds if Madison County chooses to allocate them. Based on their guidance, I understand that an agreement between the City of Ridgeland and Madison County would need to be prepared and presented to our Board of Aldermen for formal acceptance. Please let me know if that understanding is correct and what the next steps would be from your end.

I sincerely appreciate your time and continued support of the Ridgeland Fire Department. Please don't hesitate to reach out if you need any additional information or documentation from me.

Respectfully,

Jonathan Posey

Chief of Ridgeland FD, Paramedic
