Date of Proposal: 11/24/2025

Why Now? Esri, the company behind our mapping, is discontinuing ArcObjects/ArcEngine framework (including ArcMap and ArcEngine) on March 1, 2026, requiring every agency, including yours, to migrate to cloud solutions in order to ensure continued functionality. That's why we built gWorks Cloud Operations to meet these new standards and gives you a smoother, future-ready system.
