

To Our Valued Customers,

We hope this message finds you well. At Delta Waste Solutions, we truly appreciate the opportunity to serve your business and value the trust you place in us every day. Providing reliable, consistent, and responsive waste collection service remains at the core of what we do.

We are reaching out to share an industry-wide change that affects all local waste service providers in our area. The Little Dixie Landfill, owned and operated by Republic Services, has announced an increase of **\$5.45 per ton** in disposal fees, effective January 1, 2026. This increase in the landfill gate rate and applies to all solid waste haulers in our region.

In order to account for this increase in disposal and other operational costs, effective February 1, 2026, monthly front end load service rate will increase by **9.54%**.

Please know that this adjustment was not made lightly. Over the years, we have worked hard to absorb smaller cost increases whenever possible to help limit the impact on our customers. However, the combination of rising landfill fees and ongoing operational costs makes this update necessary in order for us to continue delivering the dependable and high-quality service you expect.

As a locally owned waste service provider proudly serving our home state of Mississippi, we remain committed to fair and transparent pricing, dependable service, and long-term customer relationships. Our goal is to continue being a trusted partner you can rely on.

We sincerely appreciate your continued business and support. If you have any questions about this update, please contact our office at 601-272-8060 or email [admin@deltawastesolutions.com](mailto:admin@deltawastesolutions.com). We are always happy to help.

Thank you again for your trust in Delta Waste Solutions. We look forward to serving you throughout 2026 and beyond.

Sincerely,

Jennifer Buc  
Delta Waste Solutions
