Good morning,

I am writing to request approval to attend the Women in Leadership in Code Enforcement (WLCE) Symposium taking place April 15–17, 2026, in Hartford, Connecticut. The early bird registration ends March 20, 2026.

This symposium offers a valuable opportunity for professional development, leadership growth, and collaboration with peers in the planning and zoning field. The sessions are specifically designed to strengthen leadership skills, enhance knowledge of current trends and best practices in code enforcement, and provide practical tools that can be directly applied to our work.

In addition to the educational components, the event will allow me to network with other women professionals in planning and zoning, fostering connections that can serve as ongoing resources for ideas, mentorship, and problem-solving. The insights and strategies gained from this experience would directly benefit our department and support our continued commitment to effective and forward-thinking code enforcement practices.

I believe my attendance would be a meaningful investment in both professional growth and the overall success of our team. I have attached information regarding registration costs, travel expenses, or the event agenda if needed (conference link below).

Thank you for your consideration.

WOMEN LEADERS IN CODE

"Join the Legacy. Become a Pioneer."

The Women Leaders in Code Enforcement (WLCE) Symposium is the premier gathering for the pioneers of our industry.

Our 2026 theme, '**Legacy Builders: Women Pioneers Shaping Our Future**,' celebrates the fierce women who have transformed their professional journeys and are now building a lasting foundation for those who follow.

Whether you are navigating your own path or paying it forward through mentorship, join us to celebrate our collective success and cement your place in the future of code enforcement.

WLCE Symposium

Our organization, the Women Leaders in Code Enforcement (WLCE), has created a platform to foster a collaborative and inclusive environment where women in the building industry can thrive. By offering training programs, networking opportunities, and connections with fellow industry leaders, we aim to propel women into leadership positions and support their ongoing growth and development. Our mission is to elevate the visibility of the outstanding women who drive our industry forward, celebrating their achievements and contributions to the building and safety sector.

Dont miss out on a great opportunity to be a part of our life-changing WLCE symposiums!
