From: Tim Bryan, P.E., PTOE
County Engineer

Re: Russo Corporation Check
Hemphill Construction Company
Reunion Phase II-105278-701000/STP-0055-02 (208)-Madison County
Job No. H23121-B

The Engineering Department requests the Board President to accept a check #136428 made out to Madison County Board of Supervisors from Russo Corporation for the amount of \$15,736.56 for Reunion Phase II-105278-701000/STP-0055-02 (208)-Madison County Job No. H23121-B. This money reimburses the MCBOS for engineering expenses incurred due to Russo Corporation using non sulfate resistant concrete in 2 of the drilled shafts for the bridge over I-55.

RE: Construction of Reunion Parkway Phase 2 from Bozeman Road to Parkway East
DRILLED SHAFTS #1 & #2 RESPONSE LETTER
MDOT Project #STP-0055-02(208)LPA/105278-701000

Dear Mr. Smith:

This letter is in response to your request (letter dated August 30, 2024) for drill shafts #1 and #2, which were poured with the moderate sulfate mix design instead of a severe sulfate mix design, to remain in place and be incorporated into the project. After a thorough review of the physical characteristics of the drill shafts constructed and the differences between the moderate and severe sulfate mix designs, the Owner and the Design Team has decided that drill shafts #1 and #2 **will be allowed to remain in place** and construction work resume on them.

While this work will be allowed to be incorporated into the project, all the cost of the design review (personnel and testing) will be the paid by the contractor. The total cost amounts to **\$15,736.56** and is to be paid to the “**Madison County Board of Supervisors**”. Proof of payment will be required to the Project Engineer and Madison County Engineer before project closeout.

Should you have any questions or require additional information, please let me know.

Sincerely,

Ken Morris, P.E., P.L.S.
Project Engineer
