RE: Request for Renewal of SCAUG Membership

We are seeking approval for the renewal of Madison County's membership with the South Central Arc Users Group (SCAUG).

SCAUG is a nonprofit professional organization that supports GIS, Emergency Management, and E-911 professionals throughout Mississippi, Texas, Oklahoma, and Louisiana. The organization provides valuable training opportunities, professional networking, technical resources, workshops, conferences, and access to industry best practices that directly benefit local government operations.

Renewing this membership will allow Madison County to continue benefiting from resources that enhance county mapping, emergency management support, planning, addressing, data management, and other GIS-related services. Participation in SCAUG helps ensure that county staff remain informed of current technologies, emerging trends, and best practices that improve efficiency and effectiveness in serving the citizens of Madison County.

The current annual membership fee is \$75.00.

Thank you for your consideration of this request.
