Canton, MS 39046

Mr. Rudy Warnock

On behalf of the Panther Creek Home Owners Association we would like to submit a proposal for your review and approvals to install an automatic gate operator system at 254 Lakeshire Parkway next to the beginning of the new road that extends to Calhoun Station Parkway. The attached sketch will demonstrate our intent to stay within Panther Creek property as defined by existing property pins. The automatic gates at Old Orchard Road entering Germantown subdivision from Panther Creek have already been disabled. This new gate system will allow Panther Creek subdivision to maintain a gated community.

Thank you for your consideration.
