Re: City of Canton, Mississippi Flood Control Project

Dear Supervisors:

Please accept this letter as a formal request for assistance from Madison County, Mississippi ("Madison County"), as it relates to the City of Canton, Mississippi's ("City of Canton") Flood Control Project. Flooding has been a continual and serious problem for the City of Canton. There have been numerous flood studies conducted in the past, and suggestions have been made as to how the City could improve its drainage situation. The governing authorities of the City of Canton desire to enter into a joint effort with Madison County to make the most efficient use of our powers, and enable all to enhance the general welfare of the City and the County, as well as the citizens of each, through the drainage improvements, bank stabilization and channel improvements, and other flood control issues.

Thank you for your attention to this matter. If you have any questions, comments, or concerns feel free to contact me.

Sincerely,

Arnel D. Bolden
Mayor of the City of Canton
