Pursuant to code section § 19-5-105, Cleaning of Private Property, notice has been given, and property has not been cleaned and/or made safe. Board of Supervisors must determine if the property is a menace to the public health and safety of the community to initiate cleaning.

A photograph of a silver truck parked in a wooded area. The truck is the central focus, positioned in the middle ground. The surrounding environment consists of numerous trees, some with bare branches and others with green foliage. The ground is covered with fallen leaves and grass. In the bottom left corner, the word "TAPP" is handwritten in black ink. The image has a vertical line down the center and three white circular marks at the bottom edge, suggesting it was part of a binder or folder.
