RE: Road Claim
Amber Travis
Weisenberger Rd.

After further investigation on the above referenced claim, it is the recommendation of the Emergency Management Office to approve and pay the claim to the order of Amber Travis in the amount of \$214.15 (the lesser of the two attached quotes) for stated repairs. If any further information is needed, please contact our office.

This is a problematic area and a reoccurring pothole.

how much and what are the claims

i saw this crater myself, so I'm inclined to pay

if this was fixed properly i don't think such a crater would return

Good Morning!

I received two road claims yesterday on a pothole on Weisenberger Rd. (west side of RR tracks). This is the same pothole that we paid all those claims on in November. This is a very deep hole that apparently reoccurs after a heavy rain. I actually saw this hole yesterday morning on the drive to work and contacted the road dept. to let them know and later that morning I received the two claims. The road dept. did go out and fill the hole early yesterday morning.

I wanted to know how you wanted me to handle these claims. If we went by policy, it has been repaired, so we are not liable, however it is a problematic area and we've paid claims on it previously. Just looking for your guidance on how you would like for me to process them.

Subject: Weisenberger Pot hole

I have received two road claims on the pothole on Weisenberger Rd. as I emailed you about Monday. I am aware that it was repaired Monday morning and thank you by the way. My question is... is there anything that can be done differently to repair this hole since it is a constant problem, especially after a heavy rain. I know we have paid almost 7,000.00 in claims on this one hole since November. I do not know the dynamics of fixing a road by any means and that is why I am asking. Is this something that will continue to be a constant problem or anything we can do for a permanent repair?

Also, I need the labor sheet for the repair on this road Monday to put with my claims.

Thank you and just let me know what you think on this particular hole.

Have a good day!
