Madison County Board of Supervisors

My husband and family live at 397 East Sowell Rd. Canton, Ms. We moved there in 1999. This week is the first time since that date that I have had a pleasant drive down my street. I could actually not be concerned about damage to my vehicle or injury to my family due to the condition of the road.

We love living in Madison County and this has just put a smile on my face. Thank you very much!

Smith Carr which is a side street connecting Yandel and Sowell had been resurfaced at least 3 times in the years since we have lived here. Until now East Sowell Rd had only been occasionally patched. God Bless you for your approval and direction to the road department to make these much needed repairs. Sowell Rd. is now a pleasant drive and the road department did an excellent job. The road looks great and feels safe to travel.

Thanks for all you do for our county and the many actions you take that we are often not aware. Have a great fall season and let me know if I can do anything for you.

A Happy resident,

Ann Barnes
