RE: Utility Relocation
Bear Creek Water Association, Inc.
Smith-Carr Road Realignment
Stribling Road and Highway 463 Widening

Dear Mr. Warnock:

This letter is to notify you that we will proceed with the relocation of the necessary water and sewer facilities on the subject projects upon your request. We previously submitted a preliminary cost estimate for each location (copies of each estimate attached herewith). These were estimates only and are not based upon actual design or actual contractor's price. We request a letter from you or the Madison County Board of Supervisors accepting the preliminary cost estimate and authorizing us to proceed forward.

Upon receipt of the letter to proceed from you, we will design the relocated facilities and get any necessary approvals from Mississippi Department of Environmental Quality and the Mississippi Department of Health. We will then solicit 3 bids according to our normal policies and procedures. We will provide a copy of the bid tab to you. The contract will be based upon unit prices, rather than a lump sum contract. Upon your written acceptance of the contract costs, we will award the contract and commence construction. We will oversee the contractor and ensure that the work is done per our plans and specifications. Upon completion, we will send a final invoice to you for payment based upon the final contract price. We intend to keep you aware of all progress as we proceed.

Please contact me if you need any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Nolan P. Williamson".

Nolan P. Williamson, P.E.
Engineering Manager

**PRELIMINARY COST ESTIMATE
 STRIBLING ROAD AT HWY 463 WIDENING
 WASTEWATER SYSTEM RELOCATION
 BEAR CREEK WATER ASSOCIATION, INC.**

November 17, 2014
