**Subject: Award Asphalt and Asphalt-Related Term Bids for Period 1 April 2015 – 30 Sept 2015**

Gentlemen:

Attached are copies of recently-opened Asphalt and Asphalt-Related Term Bids for the six-month period 1 April 2015 – 30 September 2015.

A few notes of interest:

1. SC 1 Type II Asphalt price dropped from \$61.40 per ton to \$57.50 per ton
2. Liquid Asphalt price dropped from \$2.29 per gallon to \$2.10 per gallon
3. The price for Laying Asphalt dropped from \$12 per ton to \$11.24 per ton

I recommend that the Board take the following action:

1. Award the Term Bid for SC-1 TYPE II ASPHALT for the period 1 April 2015 – 30 September 2015 to APAC-CANTON.

Note: APAC-Canton's price for SC-1 TYPE II of \$57.50 is higher than two other bidders; however, the round-trip haul distance to the other bidders' plants is much greater. When fuel cost, driver pay and benefits, and tires and dump-truck maintenance are calculated into the equation, the total cost to pick-up a ton of SC 1 Type II Asphalt from APAC-Canton is \$57.81 compared to \$60.80 from the next lowest bidder, APAC-Jackson, making APAC-Canton the "lowest and best bid." The cost per ton picked up is even greater from Dickerson & Bowen and ADCAMP. Detailed calculations are attached and incorporated as part of this letter by reference.

2. Award the First Alternate Term Bid for SC-1 Type II ASPAHLT for the period 1 April 2015 – 30 September 2015 to APAC-Jackson.
3. Award the Second Alternate Term Bid for SC-1 Type II ASPAHLT for the period 1 April 2015 – 30 September 2015 to Dickerson & Bowen.

4. Award the Term Bid for SC-1 TYPE 8 ASPHALT for the period 1 April 2015 – 30 September 2015 to APAC-CANTON.

Note: APAC-Canton's price for SC-1 TYPE 8 of \$61 is higher than two other bidders; however, the round-trip haul distance to the other bidders' plants is much greater. When fuel cost, driver pay and benefits, and tires and dump-truck maintenance are calculated into the equation, the total cost to pick-up a ton of SC 1 TYPE 8 Asphalt from APAC-Canton is \$61.31 compared to \$63.12 from the next lowest bidder, Dickerson & Bowen, making APAC-Canton the "lowest and best bid." The cost per ton picked up is even greater from APAC-Jackson. Detailed calculations are attached and incorporated as part of this letter by reference.

5. Award the First Alternate Term Bid for SC-1 TYPE 8 ASPAHLT for the period 1 April 2015 – 30 September 2015 to Dickerson & Bowen.
6. Award the Second Alternate Term Bid for SC-1 TYPE 8 ASPAHLT for the period 1 April 2015 – 30 September 2015 to APAC-Jackson.
7. Award the Term Bid for BB 1 ASPHALT for the period 1 April 2015 – 30 September 2015 to APAC-CANTON.

Note: APAC-Canton's price for BB-1 Asphalt of \$51.35 is higher than APAC-Jackson's bid; however, the round-trip haul distance to APAC-Jackson's plant is much greater. When fuel cost, driver pay and benefits, and tires and dump-truck maintenance are calculated into the equation, the total cost to pick-up a ton of BB-1 Asphalt from APAC-Canton is \$51.66 compared to \$56.80 from APAC-Jackson, making APAC-Canton the "lowest and best bid." Detailed calculations are attached and incorporated as part of this letter by reference.

8. Award the First Alternate Term Bid for BB 1 ASPHALT for the period 1 April 2015 – 30 September 2015 to Dickerson & Bowen.

Note: Dickerson & Bowen's price for BB-1 Asphalt of \$51.50 is higher than APAC-Jackson's bid; however, the round-trip haul distance to APAC-Jackson's plant is much greater. When fuel cost, driver pay and benefits, and tires and dump-truck maintenance are calculated into the equation, the total cost to pick-up a ton of BB-1 Asphalt from Dickerson & Bowen is \$56.62 compared to \$56.80 from APAC-Jackson, making Dickerson & Bowen the "lowest and best" First Alternate Term Bid. Detailed calculations are attached and incorporated as part of this letter by reference.

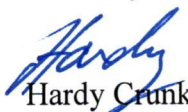

9. Award the Second Alternate Term Bid for BB 1 ASPHALT for the period 1 April 2015 – 30 September 2015 to APAC-JACKSON.
10. Award the Term Bid for HAULING AND LAYING ASPHALT for the period 1 April 2015 – 30 September 2015 to ADCAMP.

11. Award the First Alternate Term Bid for HAULING AND LAYING ASPHALT for the period 1 April 2015 – 30 September 2015 to Hancock.
12. Award the Second Alternate Term Bid for HAULING AND LAYING ASPHALT for the period 1 April 2015 – 30 September 2015 to APAC-Canton.
13. Reject Dickerson & Bowen's bid for HAULING AND LAYING ASPHALT for the period 1 April 2015 – 30 September 2015 due to the company's failure to meet the specifications. The company did not bid on hauling and laying asphalt from the county's selected asphalt vendor as required by the specifications.
14. Award the Term Bid for LIQUID ASPHALT for the period 1 April 2015 – 30 September 2015 to ERGON.
15. Award the First Alternate Term Bid for LIQUID ASPHALT for the period 1 April 2015 – 30 September 2015 to Blackledge.
16. Award the Term Bid for COLD MIX for the period 1 April 2015 – 30 September 2015 to Dickerson & Bowen.
17. Award the First Alternate Term Bid for COLD MIX for the period 1 April 2015 – 30 September 2015 to APAC-Jackson.
18. Award the Term Bid for ROAD RECLAMATION (All Depths) for the period 1 April 2015 – 30 September 15 to ADCAMP.
19. Award the Term Bid for COLD MILLING for the period 1 April 2015 – 30 September 15 to ADCAMP.
20. Award the Term Bid for ROAD BASE REPAIRS for the period 1 April 2015 – 30 September 15 to ADCAMP.

ADCAMP's bid of \$85 per square yard for Road Base repairs is greater than APAC's bid of \$59 per square yard; however, APAC's bid stipulated a minimum of 500 square yards. A minimum was not part of the specifications. Warnock Engineering construction supervisor Jimmy Vickers stated that he does not anticipate Madison County ever undertaking 500 square yards of base repairs that is not part of a separately bid road construction job.

Thank you in advance for your consideration of the above recommendations

Sincerely,

  
Hardy Crunk  
Purchase Clerk
