Please find attached my completed Road Claim Incident report as well as both estimates. The Upton Tire one is the actual work done on my SUV to replace the tire, mount and balance the new one and then do an alignment. Please disregard the second tire including mounting and balancing on the invoice as it was unrelated to the pothole blowout incident.

If you have any questions, please email me or call me on my cell at 601 942-0787.

Thank you for your assistance with this.

As you know we have received numerous amount of claims on the pothole on Stribling Rd. I know that the hole was filled, but we are still having calls in regard to this place due to the peek in the asphalt after repairs. I wanted to make you aware of the situation.
