RE: FY2015 Emergency Management Performance Grant (EMPG)
Grant Award #: EMW-2015-EP-00031-S01, CFDA #: 97.042

Dear Mr Hammack:

We are finalizing the local EMPG Allocations for FY2015. Your jurisdiction has been projected to receive EMPG funds in the amount of \$ **68170** to support the level of activities and product outcomes projected in your proposed statement of work. These funds are a part of the EMPG allocation to the State of Mississippi from FEMA on June 26, 2015 in the amount of \$4,572,962.00. The grant was accepted by MEMA on June 30, 2015.

The State of Mississippi has allocated sixty percent (60%) of these funds to the 82 counties and the Mississippi Band of Choctaw Indians (MBCI). This is an estimated amount and the final grant award could be lower or higher.

If you should have any questions regarding your EMPG application, please contact Keisha Luckett at 601-933-6880.

Sincerely,

Robert R. Latham, Jr.
Executive Director
