July 14, 2015

Karl Banks, District 4 Supervisor Madison County Board of Supervisors Post Office Box 608 Canton, MS 39046

Dear Mr. Banks:

The undersigned, being residents and landowners with property and right-of-way on the non-county maintained road portion of Childress Lane in Flora, MS which is exclusively a dead-end road with no cut-throughs and intending to remain such, hereby request the Madison County Road Department to be given authority to take over and begin maintenance of this portion of the unimproved gravel road.

This portion of roadway has a history of drainage problems and is prone to flooding. At the present time, the current County maintained portion of Childress Lane is under construction with a new drainage culvert being installed and the roadway is said to be due to be repaved.

With the current construction underway we feel it would be in the best interest of all for this portion of roadway to become county maintained and to have its drainage issues be addressed as well.

Thank you for your time and consideration in this matter.

Respectfully yours, The Residents of Childress Lane
