Re: Sulphur Springs Park Lake (App # 12-024), Madison County

Dear Mr. Houston:

A permit was sent to the Madison County Board of Supervisors on January 16, 2013 to construct the Sulphur Springs Park Lake in Madison County. On the conditions of the construction permit, a notice of completion of the dam (enclosed) shall be submitted to MDEQ, including a set of "as-built" plans by the design engineer showing that the work was completed in substantial compliance with the approved plans.

The enclosed post card can be used as your notice of completion of the dam. Please complete the card and mail it back to MDEQ and have your engineer submit a set of "as-built" plans. If you have any questions, feel free to contact me at gsmith@deq.ms.gov or 601-961-5289.

Sincerely,

A handwritten signature in black ink, appearing to read "Garrett Smith".

Garrett Smith
