Re: Tax Parcel No. 061I-29D-071/06.00

Dear Ms. Smith,

The Madison County Zoning Ordinance, amended October 24, 2005, in Article IV, Section 406, Subsection 406.05, states in part, "Materials and Growth Constituting Public Health and/or Safety Hazards: No rubbish, junk or hazardous waste materials, including inoperable vehicles and parts and any combustible matter shall be openly stored or burned, allowed to accumulate or kept in the open, and no weeds or other growth shall be allowed to go uncut within any district when the same shall be determined by the appropriate County Official (the Zoning Administrator or other authorized County employee) or health official to constitute a menace to the public health and/or safety."

An inspection made on the property referenced above reveals this property is overgrown with weeds and growth, and is need of cleaning. An inspection will be made fifteen (15) days from the receipt of this letter to ascertain compliance. This matter, if unresolved, will be presented to the Madison County Board of Supervisors on February 4, 2013, for whatever action it deems necessary to bring this property into compliance. If you have any questions, please advise.

Sincerely,

A handwritten signature in cursive script that reads "Brad Sellers".

Brad Sellers, Administrator
Planning and Zoning
